Details

The façade of the Upper West building impresses with its contemporary aesthetics and imposing size. Large glass fronts and elegant lines give the building a modern and appealing look that is impressive both during the day and at night. The use of high-quality materials such as glass, steel and concrete underlines the premium quality and contemporary character of the building. A characteristic feature of the Upper West building is its unusual design concept. The building extends over several floors and offers a variety of uses, including office space, retail space and exclusive apartments. The curved shape and cleverly designed terraces give the building a dynamic and modern appearance that attracts attention. The interiors of the Upper West building are just as impressive as the exterior architecture. Modern offices, stylish retail spaces and luxurious apartments provide a high-quality environment for working, shopping and living. The thoughtful design and high-quality finishes make the Upper West a desirable destination for business people, locals and tourists alike. In addition, the Upper West building offers a variety of amenities for its residents and visitors, including restaurants, bars, gyms and event spaces.
