Schaffner AG, Müllheim

Schaffner garden furniture has been manufactured with passion and care in Müllheim, in the heart of Thurgau, since 1954. With more than 40 dedicated employees, Schaffner AG is one of the few Swiss furniture brands that still manufactures entirely in Switzerland. Every product bears the signature of the experienced team, who collectively embody the company's values and achieve great things. The promise of the highest quality, attention to detail, and a deep connection to craftsmanship can be felt in every piece of furniture.

Details

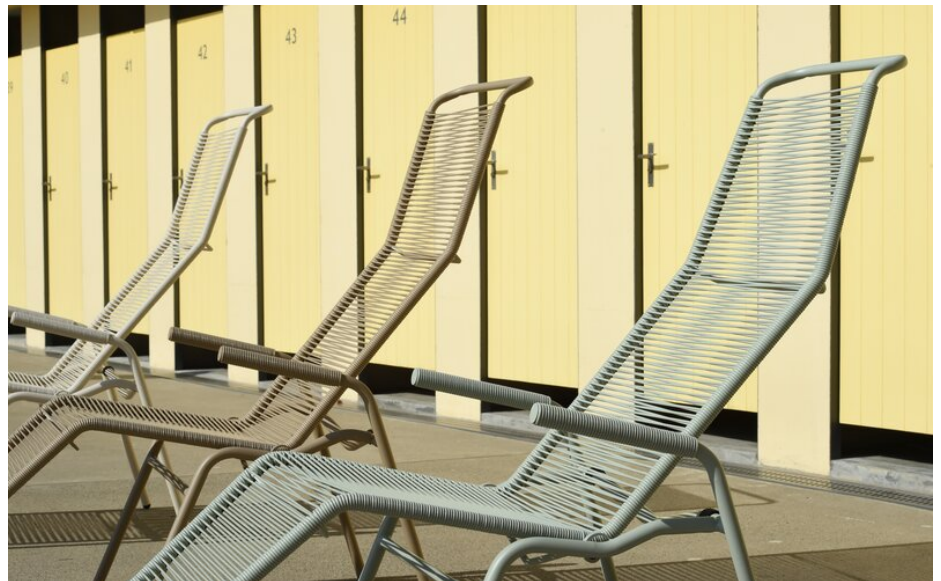

Schaffner furniture is the result of decades of experience, precision craftsmanship, and a great deal of dedication. The characteristic "spaghetti" strands are carefully wrapped around the frames, screws are precisely positioned, and every detail is crafted to perfection. The result is furniture with ergonomic shapes that is not only robust and durable, but can also be customized. It withstands wind and weather, ensures a timeless and harmonious appearance, and accompanies its owners for years to come.

To ensure maximum customer satisfaction, Schaffner AG uses only high-quality materials, such as pure fiberglass or durable polyester powder coating. In collaboration with IGP Pulvertechnik AG, a special powder coating ensures resistant surfaces that withstand corrosion and UV radiation. The powder coating IGP-DURA®one 661T is used, matched to the defined colors of the Schaffner color palette.

Whether it's a summer party, a family celebration, or a quiet moment in the evening sun, Schaffner furniture is always part of these special moments.
