IGP POWDER COATINGS

References

Businesspark Schwyzermatt

LUMEN Park, also known as Businesspark Schwyzermatt, is a modern business location in the Sursee region. With its high standard of fit-out, comprehensive range of services and attractive location in the heart of Switzerland, LUMEN Park offers ideal conditions for companies. In addition to flexibly usable commercial premises, there is a publicly accessible catering facility with a staff restaurant and roof terrace, event spaces and apartments for rent.

IGP POWDER COATINGS

Details

The Schwyzermatt business park in Schenkon impresses with its aesthetically pleasing architecture and functional design. The project planned by Leuenberger Architekten sets new standards in modern commercial construction. Generous green spaces, a strong focus on sustainability and a well thought-out spatial concept create an inspiring working environment for future-oriented companies.

IGP Pulvertechnik AG supplied a total of 5,100 kg of highly weather-resistant powder coatings for the durable and weather-resistant coating of the façade elements. A total of 2,800 kg of the product IGP-HWFclassic 591TU79228A10 was used, which impresses with its high resistance and elegant coloring, ideal for emphasizing the modern, clear design of the business park. The other 2,300 kg were coated with article IGP-HWFclassic 591TU83919A10. This complements the color scheme perfectly, impresses with equally excellent protective properties and blends harmoniously into the overall architectural design.

LUMEN - a luminous flux unit that expresses the radiant power. LUMEN PARK - the bright, light-flooded business park with a radiant power that extends far beyond the Lake Sempach area.

The architectural images were provided by photographer Corinne Sägesser.
